

*We Believe in Customer Satisfaction...*

# AS PEB SOLUTIONS PVT. LTD.

Plot 18, Smart Industrial Park, Pithampur (M.P.)

## **AS ENGINEERING SOLUTION ASSOCIATES WITH AS PEB SOLUTIONS PVT LTD.**

AS Engineering is Leading Company which is established in 2013. We are designing wide range of Structure Products with Excellent Quality. We are committed to provide a Completely Unique Services though our Expertise.

Building a Long Term and Respectable relationship with the Clients is our Focus. Since commencing operations, we have constructed multiple steel structures with varied Budget in different Geographies.

### **OUR VISION**

AS Engineering to be recognized as the benchmark in the steel buildings industry. This will be accomplished through Product perfection, Engineering excellence and the Best customer services in the industry.

### **OUR MISSION**

Consistently providing world class service, high quality & cost-effective steel structure solutions in the shortest possible timeframes, through technology and engineering expertise, combined with an organizational culture of continual improvement

### **QUALITY POLICY**

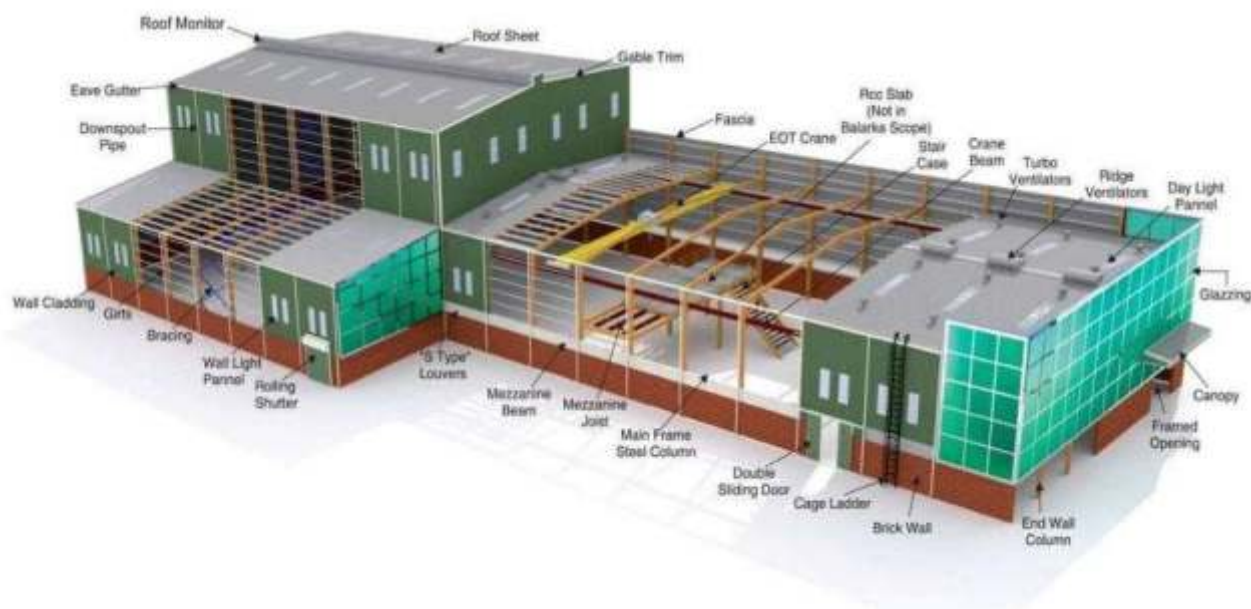

AS PEB Solutions is committed to achieve total customer satisfaction by delivering excellent services by team work and continual improvement of Quality Management System.

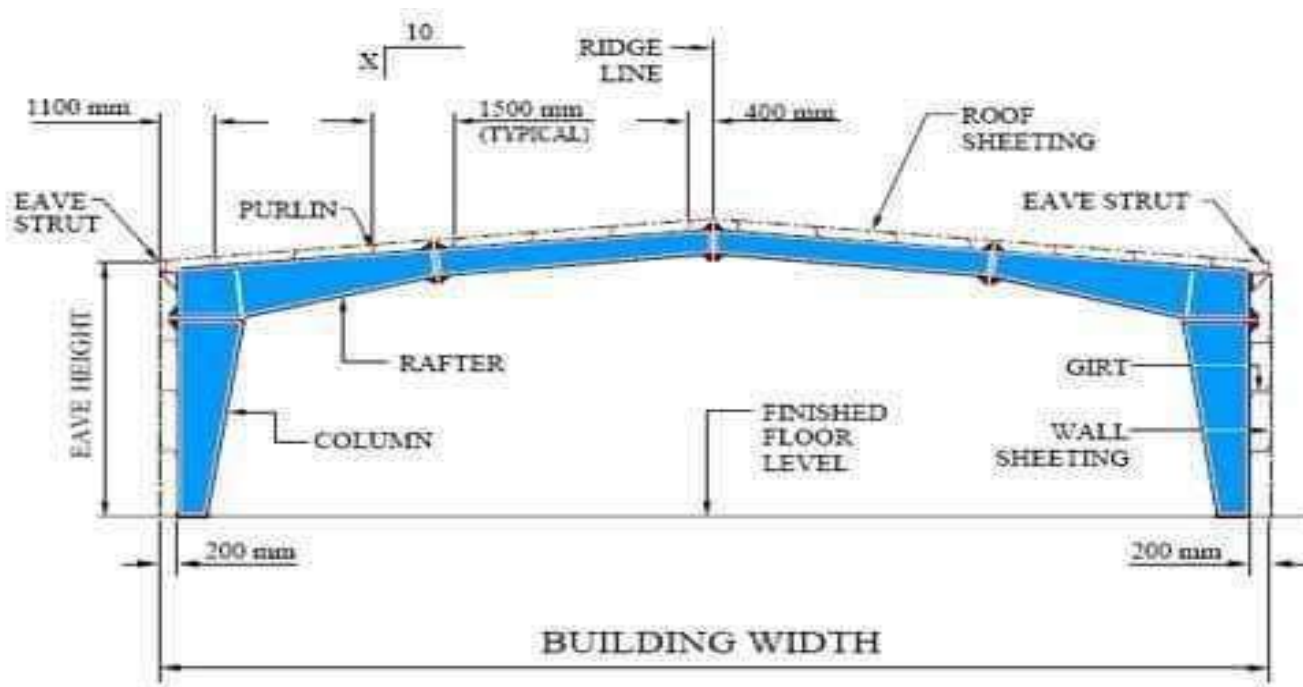

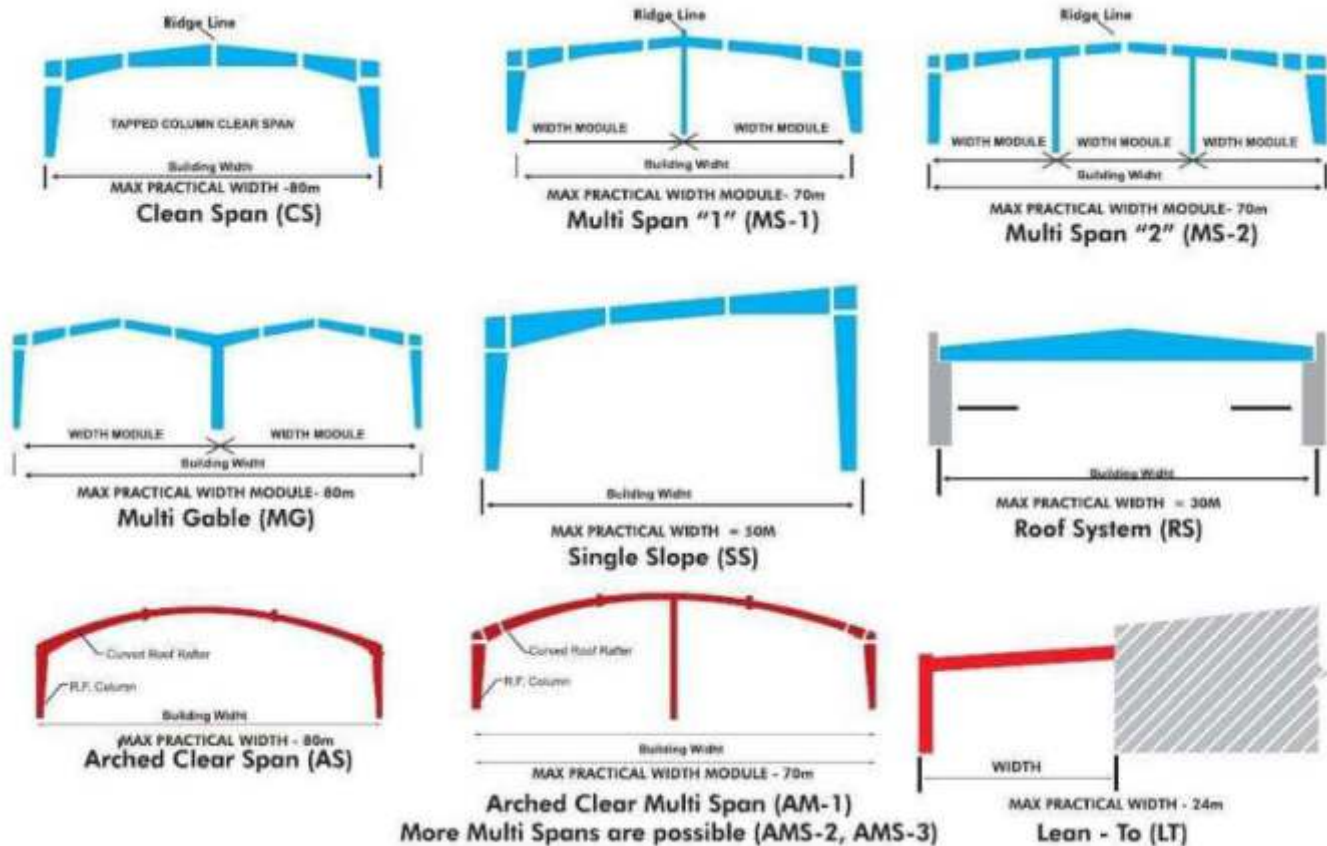

“We believe in Customer Satisfaction”

## PRE ENGINEERING BUILDING AND PRODUCTS

Pre-engineered buildings, well known as “PEB Buildings”, are Designed based on Customer requirements with geographical parameters and fabricate at certified codes and assembles at Job Site. PEB Buildings are consisting Column, Rafter, Beams, Bracings, Roof, wall cladding, Door Openings, Sky lights, Turbo Vents assembled with Nuts, Bolts and fasteners.

Pre-engineered buildings are 100% customized product and fully supplied and erected on Customer Specific requirements and parameters.

## MANUFACTURING FACILITY

AS PEB Solution is fast growing Steel manufacturing company in the Central India. Our Manufacturing Plant area is 76,000 Sq.ft . We Installed the latest technology machinery to produce the world class Fabrication products.

Our Annual Production & Supply capacity is 12,000 MT and We can enhance Production capacity as per requirement.

We have a advance Machinery and Mechanism for manufacturing world class steel structures and we proud to explain ourselves introduce such a world class machines and technology integrated like best CNC drilling station, Largest capacity Shearing line 13mm X 6.5 meter, H Beam tacking line with the PTW station 45 meters bed size, Plasma & Oxy-fuel line bed capacity 4 meter X 12 meter . Shot Blasting (closed chamber) and other high-tech tools like EOT Crane, Iron work and many mores.....

**SHEARING MACHINE**

**CNC PLAZMA CUTTING MACHINE**

## H BEAM TACKING MACHINE

**PTW MACHINE**

## CNC DRILLING MACHINE

## AIRLESS SPRAY PAINT MACHINE

## SHOT BLASTING MACHINE

## PRODUCTION SHOP VIEW

## PROJECT GALLERY

Since 2013 AS Engineering Solutions delivered approx 250 Projects in Central India. We design, supply and erected all types of Pre Engineering Buildings. It includes Industrial Buildings, Processing Plants, Food Industries, Drug Industries, Architectural Buildings, Steel Structure and etc.
